One day Workshop on "Navigating the Digital Frontier: Understanding Intellectual Property Rights in IT"

Date: 21 Mar. 2025

Activity Report

Objective – The objective of the workshop is to equip participants with a comprehensive understanding of intellectual property rights in the IT sector, enabling them to navigate legal challenges and protect digital innovations effectively.

Description- The Department of Information Technology at KDK College of Engineering, Nagpur, in collaboration with the Indian Society for Technical Education (ISTE) and the Institution of Engineers (IE), successfully organized a One-Day Workshop titled "Navigating the Digital Frontier: Understanding Intellectual Property Rights in IT" on 21st March 2025.

This insightful and knowledge-enriching session was conducted under the expert guidance of Advocate Kishor P. Pantawane, a seasoned Legal Consultant and former Training Coordinator of Government of India, Nagpur. His vast experience in legal frameworks and training in intellectual property rights brought a deep and practical understanding to the participants.

The primary objective of this workshop was to create awareness and enhance the understanding of Intellectual Property Rights (IPR) among students, faculty members, and budding innovators in the field of Information Technology. As the digital world expands, awareness of legal rights and protection mechanisms becomes increasingly critical. The session emphasized the importance of safeguarding digital innovations, software, algorithms, and other intellectual assets in the IT sector.

The session was interactive and encouraged active participation from attendees through Q&A rounds and discussion of practical scenarios. It provided a valuable platform for students to engage with real-world legal implications of their academic and technical pursuits.

Outcome

At the end of this event students will be able to:

1. **Enhanced Understanding of Block chain in Healthcare**: Students gained valuable insights into how block chain technology can improve security, data integrity, and privacy within healthcare systems.
2. **Exposure to Real-World Applications**: The case studies shared during the session allowed students to learn about real-world implementations of block chain in healthcare, making the technology more tangible and applicable to their future careers.
3. **Academic and Industry Collaboration**: The event fostered a connection between academia and industry by bringing experts and professionals into direct contact with students, providing them with exposure to cutting-edge technology in the field of healthcare.
4. **Inspiration for Further Research**: The lecture motivated students to explore block chain technology further, sparking interest in research, projects, and internships focused on its applications in healthcare and other industries.

Activity Report (Session: 2024-2025)

Category of the Activity:	One day Workshop
Title of the Activity	One-Day Workshop on "Navigating the Digital Frontier: Understanding Intellectual Property Rights in IT"
Coordinator	Dr. H. V. Gorewar
Date of Activity	21-03-2025
No. of Students Involved:	**Male: 36** **Female: 49** **Total: 85**
Association/Collaboration	in association with ISTE, IE
Details of Invited Speaker	Adv. Kishor P. Pantawane, a seasoned Legal Consultant and former Training Coordinator of Government of India, Nagpur.

Brief about an Activity	The Department of Information Technology at KDK College of Engineering, Nagpur, in collaboration with the Indian Society for Technical Education (ISTE) and the Institution of Engineers (IE), successfully organized a One-Day Workshop titled "Navigating the Digital Frontier: Understanding Intellectual Property Rights in IT" on 21st March 2025. This insightful and knowledge-enriching session was conducted under the expert guidance of Advocate Kishor P. Pantawane, a seasoned Legal Consultant and former Training Coordinator of Government of India, Nagpur. His vast experience in legal frameworks and training in intellectual property rights brought a deep and practical understanding to the participants.
Objectives	1. Equip students with foundational knowledge of various types of intellectual property such as patents, copyrights, trademarks, and trade secrets, especially in the context of Information Technology. 2. Encourage students to innovate responsibly by understanding the legal frameworks that safeguard their work and contributions in the IT field. 3. Provide practical insights through real-world examples and case studies that demonstrate the significance and application of IPR in the IT sector.
Outcomes	1. Students gained a clear understanding of the different types of intellectual property and their relevance in the field of Information Technology. 2. Students learned to differentiate between general ideas and intellectual properties that can be legally protected, particularly in software development and digital content. 3. Exposure to real-world case studies and legal insights inspired students to think creatively and pursue research and innovation with a focus on protection and commercialization.

Report

The Department of Information Technology at KDK College of Engineering, Nagpur, in collaboration with the Indian Society for Technical Education (ISTE) and the Institution of Engineers (IE), successfully organized a One-Day Workshop titled "Navigating the Digital Frontier: Understanding Intellectual Property Rights in IT" on 21st March 2025.

This insightful and knowledge-enriching session was conducted under the expert guidance of Advocate Kishor P. Pantawane, a seasoned Legal Consultant and former Training Coordinator of Government of India, Nagpur. His vast experience in legal frameworks and training in intellectual property rights brought a deep and practical understanding to the participants.

Students had actively participated and were fully involved in the activities. This activity is beneficial for creating great awareness among students and faculty members. The event was efficiently coordinated by Dr. H.V. Gorewar and Prof. R. R. Kolte, ensuring smooth execution and active student participation. The initiative was highly appreciated by the Management, Principal Dr. V. P. Varghese, Vice Principal Dr. A. M. Badar, and HOD Dr. Mrs. S. P. Khandait, who commended the organizing team for this initiative reflects the department's continuous commitment to equipping students with not just technical knowledge but also essential awareness about the legal aspects of innovation in today's digital era.
