Expert Lecture On

Financial Literacy for Engineering Students

Dated: 20/11/2025

Activity Report

Objective – The objective of Financial Literacy for Engineering Students is to help them understand how to manage money effectively, use digital financial tools safely, and make informed decisions about saving, investing, and budgeting. It aims to build awareness about taxation, loans, and financial planning, while preparing students for future professional responsibilities and entrepreneurial opportunities.

Description- The lecture on Financial Literacy for Engineering Students was delivered by the speaker with the aim of creating awareness about essential money-management skills among young engineers. During the session, the speaker explained the importance of understanding personal finance at an early stage and highlighted key concepts such as budgeting, saving, digital banking, and secure online transactions. The speaker also discussed the basics of investments, including mutual funds, SIPs, and government schemes, helping students understand how to build long-term financial stability.

The lecture covered important topics like income tax, loans, EMIs, and debt management, enabling students to make informed financial decisions in their future careers. The speaker shared practical examples, real-life scenarios, and useful tips to encourage responsible financial behavior. Overall, the session was highly informative and helped students gain valuable insights that will support them in managing their finances confidently and preparing for professional life ahead.

Outcome

By the end of this Lecture, students will be able to:

- Students gained a better understanding of personal finance, budgeting, saving, and managing day-to-day expenses.
- The session helped students confidently use digital banking tools such as UPI, net banking, debit/credit cards, and secure online payment methods.
- Students learned the basics of investments like SIPs, mutual funds, and government schemes, enabling them to plan for long-term financial growth.
- Students received insights useful for future job roles or startup plans, including managing finances, understanding benefits, and controlling costs.

Report

The **Department of Information Technology** at **KDK College of Engineering, Nagpur**, organized “**Expert Lecture on Financial Literacy for Engineering Students**” in collaboration with **Securities and Exchange Board of India (SEBI)** On **20 Nov 2025**. A key highlight of the lecture was the emphasis on financial independence and responsible money handling. The expert also guided the students on how to manage college expenses, set financial goals, and make informed decisions through proper financial knowledge rather than assumptions. The event was highly interactive and engaging. Students were encouraged to ask questions and clear their doubts about various financial topics. The lecture proved beneficial for the participants as it helped them gain valuable insights into financial management, which is crucial for their personal and professional growth.

The expert lecture helped students develop awareness regarding the importance of financial literacy and prepared them to take informed decisions in future financial matters. The event was successfully conducted and received a positive response from the students. The initiative was highly appreciated by Principal Dr. V. P. Varghese, Vice Principal Dr. A. M. Badar, and Head of Department Dr. S. P. Khandait. The event was coordinated by Prof. Sandeep S.Ganorkar who ensured the smooth conduct of the program.
