# **Internship Drive**

**Dated: 15 Oct. 2025**

## **Activity Report**

**Objective** – **Sambhav AI Organization** was to provide students with valuable insights into current industry trends, emerging technologies, and internship opportunities in the field of Artificial Intelligence. The session aimed to bridge the gap between academic knowledge and practical applications by guiding students on the skills, tools, and mindset required for successful AI-based careers.

**Description**- As part of the internship drive, an online test was conducted to evaluate the technical knowledge, problem-solving ability, and aptitude of the participating students. The test served as the first stage of the selection process, helping to shortlist eligible candidates for further rounds such as interviews or technical assessments.

The examination was conducted through a secure online platform, ensuring fairness and accessibility for all participants. Students joined the test at the scheduled time using the provided link and login credentials. The test included objective and coding-based questions relevant to the internship domain.

This initiative aimed to provide students with a professional experience of an industry-level recruitment process and to help the organization identify talented and skilled interns suitable for various projects.

## **Outcome**

### **By the end of this Online Test, participants will be able to:**

- The test provided students with valuable exposure to real-world assessment methods used by industries, enhancing their confidence and readiness for future placement opportunities. Understand various career paths and industry expectations.
- It also enabled the organization to evaluate participants efficiently and fairly through an online mode.
- Students gained first-hand experience of corporate-style online assessments, improving their time management and problem-solving skills.

<b>Brief about an Activity</b>	<p>The Department of Information Technology at KDK College of Engineering, Nagpur, organized an <b>Internship Drive</b> in collaboration with <b>Sambhav AI Tech Services</b> on Oct 15,2025. The session was conducted under the guidance of <b>Mr. Pradhumn Charde</b>, who served as the trainer and mentor for the program. An <b>online aptitude test</b> was organized and coordinated by our esteemed <b>alumnus, Master Harsh Gaikwad</b>, representing Sambhav AI Tech Services. The test aimed to assess students' logical reasoning, problem-solving, and technical knowledge, serving as the first phase of the internship selection process. During the interaction, Mr. Charde and Mr. Gaikwad shared valuable advice on aptitude preparation and interview techniques. They emphasized the importance of practicing quantitative and logical reasoning regularly, improving communication skills, and developing confidence for personal interviews. Students were encouraged to focus on conceptual clarity, time management, and analytical thinking to perform better in future recruitment drives.</p>
<b>Objectives</b>	<ol style="list-style-type: none"><li>1. To provide students with practical exposure to real-time industry work environments.</li><li>2. To create opportunities for students to interact with industry professionals.</li><li>3. To help students gain insights into current technologies and workplace expectations.</li></ol>
<b>Outcomes</b>	<ol style="list-style-type: none"><li>1. Students gained exposure to real-world industry assessment methods.</li><li>2. Improved confidence, time management, and problem-solving skills.</li><li>3. Enhanced readiness for future placement opportunities.</li></ol>

## Report

The **Department of Information Technology** at **KDK College of Engineering, Nagpur**, successfully organized an **Internship Drive** in collaboration with **Sambhav AI Tech Services** on **15th October 2025**. The primary objective of this event was to provide students with an opportunity to gain practical exposure to industry-level assessment and internship selection procedures.

The session was conducted under the expert guidance of **Mr. Pradhumn Charde**, who served as the trainer and mentor for the program. An online aptitude test was conducted as part of the selection process, coordinated by the department's esteemed alumnus **Master Harsh Gaikwad**, representing **Sambhav AI Tech Services**. The test was designed to evaluate students logical reasoning, problem-solving ability, and technical knowledge, serving as the first phase of the internship recruitment process. The event proved to be highly beneficial for students, providing them with hands-on experience of corporate-style online assessments and enhancing their awareness of industry expectations. Students had actively participated and were fully involved in the activities. This Internship Drive is beneficial for creating great awareness among students and faculty members. The initiative was highly appreciated by Principal Dr. V. P. Varghese, Vice Principal Dr. A. M. Badar, and Head of Department Dr. S. P. Khandait. The event was coordinated by Prof. Roshan Kolte and co-coordinated by Dr. H.V. Gorewar who ensured the smooth conduct of the program.
