Brief about an Activity	<p>On 18th September 2025, the Department of Computer Science and Engineering, KDK College of Engineering, Nagpur, organized titled "QUIZ TO CODE Competition", under the banner of the departmental forum PICSEL. This event aimed to foster innovation, problem-solving skills, and team spirit among budding developers. Participants came together to take part in a three-round challenge that tested their coding acumen, creativity, and technical expertise. The event consisted of:</p> <ul style="list-style-type: none">• Round 1 – Quiz: Matching correct questions to given answers.• Round 2 – Module Creation: Building functional web components.• Round 3 – DSA Coding: tested participants with timed coding challenges and logic puzzles on Data Structures and Algorithms. <p>The competition received enthusiastic participation and provided an excellent platform for students to enhance their skills and showcase their talent.</p>
Objectives	To enhance programming skills, logical thinking, creativity, and collaboration among students by providing a competitive and engaging platform for solving real-world coding challenges in a team-based environment.
Outcomes	<ol style="list-style-type: none">1. Increased participation and enthusiasm in coding-based events.2. Improvement in real-time problem-solving and communication skills.

Report:

A click that organizes the event quiz to code by PICSEL

On September 18, 2025, the Department of Computer Science and Engineering at KDK College of Engineering in Nagpur organized an exciting and intellectually stimulating event titled "QUIZ TO CODE" specifically for CSE students, to foster coding excellence and problem-solving abilities. The event saw enthusiastic participation from CSE students, creating an environment of collaboration, creativity, and healthy competition.

The Event featured three uniquely crafted rounds: **Round 1– Quiz**, where Participants matched the correct questions to the given answers. Each team, consisting of 4 members, competed in this round, and only 15 teams were selected to advance to the second round. **Round 2– Module Creation**, which tested participant's web development skills through the creation of functional components. and **Round 3– DSA coding**, the final round challenged participants with time-bound coding tasks and logic puzzles focused on Data Structures and Algorithms.

The event provided students a platform to showcase technical skills, enhance teamwork, and apply classroom knowledge in real-world scenarios. Winners received exciting prizes and certificates. It encouraged creativity, problem-solving, and practical learning while building confidence. Overall, the event promoted collaboration, healthy competition, and technical excellence.
