**Activity Report (Session: 2024-2025)**

Category of the Activity:	Extension Activity		
Title of the Activity	"Hope - A Ray of Kindness"		
Coordinator	Dr. K. S. Chandwani, Prof. D. W. Wanjari		
Date of Activity	11/01/2025		
No. of Students Involved:	Male: 37	Female: 23	Total: 60

Brief about an Activity	The Department of Computer Science and Engineering organized a social charity event at <b>Sharansthan Charitable Society</b> . During the event, students had the opportunity to meet several children from the orphanage. These children were victims of <b>human trafficking</b> and other unfortunate circumstances. Committee members interacted with these incredible children and were also welcomed by <b>Mr. Daniel, the appointed caretaker of the facility</b> . He shared the tragic experiences of these children and inspired the committee members to continue engaging in such initiatives to promote humanitarian aid for those in need. As a gesture of support, the committee donated <b>₹6000</b> to the charitable society and assured them that similar activities would be organized in the future.
Objectives	<ul style="list-style-type: none"> <li>To engage students in addressing social issues and supporting underprivileged communities through meaningful outreach activities.</li> <li>To foster a sense of social responsibility, empathy, and teamwork among students by collaborating with NGOs and community initiatives.</li> <li>To promote sustainable development and community well-being through technological and non-technological contributions.</li> </ul>
Outcomes	<ul style="list-style-type: none"> <li>Students gained insight into the challenges faced by victims of human trafficking.</li> <li>The event inspired students to engage in more charitable initiatives.</li> <li>Committee members connected with underprivileged children, fostering empathy and compassion.</li> <li>A donation of ₹5000 contributed to the welfare of the children at Sharansthan Charitable Society.</li> </ul>

## REPORT

The Department of Computer Science and Engineering at K.D.K College of Engineering organized an Extension Activity: "**Hope - A Ray of Kindness.**" The primary motive behind this initiative was to address various social issues, uplift underprivileged communities, and promote sustainable development. This initiative aligns with the goals of non-governmental organizations (NGOs), which are established by individuals pursuing public, social, or political good.

As part of this activity, a **Social Charity Event** was conducted at **Sharansthan Charitable Society**, where students had the opportunity to interact with several children from the orphanage. These young children were victims of human trafficking and other illegal activities. The committee members engaged with them and were also welcomed by Mr. Daniel, the appointed owner of the residential facility. He shared the hardships faced by these children and motivated the students to continue such humanitarian efforts.

A total of **15 students** from the Computer Science and Engineering department participated in the activity with great enthusiasm. Their dedication and active involvement were instrumental in the success of the activity. As a gesture of support, the committee donated **₹6000** to the charitable society and assured continued efforts toward similar social initiatives in the future. In addition to the donation and interactions, the students also shared a heartwarming meal with the children. The food was lovingly prepared and served, creating an environment of togetherness and warmth. Sitting side by side, the students and children enjoyed the delicious meal, bonding over simple conversations and laughter. It was a moment that bridged gaps and made everyone feel like a part of one big family.

After the meal, the students and children participated in several fun games and activities. Games like musical chairs, simple team challenges, and singing sessions filled the atmosphere with laughter and joy. It was truly inspiring to see the smiles on the children's faces as they played freely and wholeheartedly.

During these interactions, students took the opportunity to talk to the girls, who ranged in age from 6 to 19 years old. They asked them about their daily routines, their studies, and how they spent their free time. Many of the children shared that their days were structured with classes, vocational training, and extracurricular activities like dancing, singing, and arts and crafts. They also spoke about their dreams and ambitions for the future, with some aspiring to become teachers, doctors, and social workers.

The college students also learned about the educational initiatives undertaken by the charitable society to empower these girls. The conversations were emotional and inspiring, shedding light on the resilience and positivity these young individuals carried despite the hardships they had faced. Overall, the extension activity was a moving and eye-opening experience for everyone involved. It not only provided an opportunity for the students to serve and connect with society but also left a lasting impact on their hearts. The event truly lived up to its name, spreading a ray of kindness, hope, and humanity.

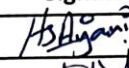

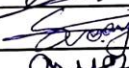

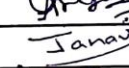

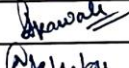

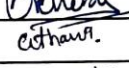

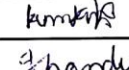

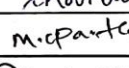

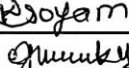

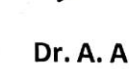

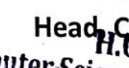

Dr. K. S. Chandwani  
Event-Incharge
