Notice

This is to formally inform all departments that “*Sickel Cell Anemia and Thalassemia Public Awareness Campaign*” will be held on “7th August 2025”. While this notice is circulated across all departments, we look forward to enthusiastic participation primarily from our own department. Further details will be shared internally.

Venue: ETC Seminar Hall, K.D.K. College Campus

Date: 7th August 2025

Time: 03:00 PM onwards.

Department of Computer Science and Engineering
Activity Report (Session: 2025-2026)

Category of the Activity:	Awareness Campaign		
Title of the Activity	"Sickle Cell Anemia and Thalassemia Public Awareness Campaign"		
Coordinator	Dr. K. S. Chandwani, Prof. D. W. Wanjari		
Date of Activity	7th August 2025		
No. of Students Involved:	Male: 22	Female: 43	Total: 65

Brief about an Activity	<p>The Department of Computer Science and Engineering, K.D.K. College of Engineering, Nagpur, under the forum PICSEL, conducted an Extension Activity on 22 November 2025 at Dr. Sonutai Agnihotri Badhir Niwas Shala. The student committee and teachers organized an engaging session that included introductions, fun games, a talent show, and interactive activities with the children. Refreshments and small gifts were distributed, creating a cheerful and inclusive environment. The visit allowed students to spend meaningful time with the children while fostering empathy, social awareness, and a sense of community service. The activity was successful in providing a memorable experience for both the students and the children.</p>
Objectives	<p>The objective of the Public Awareness Campaign on <i>Sickle Cell Anemia and Thalassemia</i> was to educate students and society about these genetic disorders, their causes, symptoms, complications, and preventive measures. The campaign aimed to spread awareness, promote early detection through blood testing, and encourage proactive health practices to reduce the impact of these diseases in the community.</p>
Outcomes	<ul style="list-style-type: none">• Students and faculty gained awareness about <i>Sickle Cell Anemia</i> and <i>Thalassemia</i>, their causes, symptoms, complications, and preventive measures.• Participants understood the importance of early detection and regular screening for genetic disorders.• Blood samples of students were collected for diagnostic testing, encouraging proactive health monitoring.• The campaign successfully promoted a sense of social responsibility among students to spread awareness in the community.

Report:

A collective snapshot of an Extension Activity

The Department of Computer Science and Engineering, under its forum **PICSEL**, organized a **Public Awareness Campaign on “Sickle Cell Anemia and Thalassemia”** on 7th August 2025. The objective of the campaign was to spread awareness among students and society about these genetic disorders and highlight the importance of early detection and preventive care.

Experts from **Lokkalyan Diagnostics Pathology Laboratory** were invited as resource persons. They delivered an informative session on the causes, symptoms, health complications, and preventive measures related to *Sickle Cell Anemia* and *Thalassemia*. The session was highly interactive, as students raised queries which were addressed effectively by the experts.

As a practical step towards awareness, the visiting team also collected **blood samples from students for testing** at their laboratory.

The campaign proved to be a valuable initiative, enhancing the knowledge of students while also encouraging them to play a role in spreading awareness about such health issues in society.

विषय : मोफत CBC, निक्लमेन व थॅलेमिगिया निदानासाठी रक्त तपासणी निविद घेण्याबाबत.
आदरणीय महोदय,
नमस्कार !!!
"स्वस्थ युवा, स्वस्थ भारत" या उपक्रमासाठी आपण दिलेल्या सहकार्याबद्दल आम्ही मनःपूर्वक आभारी आहोत.

मोककल्याण डायग्नोस्टिक्स व्यंकेटेश नगर, नागपूर, हा एक लोककल्याण समिति अंतर्गत कार्यरत असणारा सेवाभावी उपक्रम आहे. 1978 मध्ये लोक समस्या संशोधन आणि लोक कल्याण समिती नागपूरची स्थापना करण्यात आली. समाजातील विविध समस्या आणि गरजांना सामोरे जाण्यासाठी तसेच समाजाच्या व्यापक कल्याणासाठी माध्यम बनण्याच्या दृष्ट उद्देशाने हे कार्य सुरू झाले.

जेव्हा पाच मुख्य क्षेत्रांची ओळख करण्यात आली असून ती आमच्या प्राथमिक मार्गदर्शक शक्ती आहेत. ही क्षेत्रे म्हणजे आरोग्य (स्वास्थ्य), शिक्षण (शिक्षा), संस्कार, स्वावलंबन आणि आपसी व्यवस्थापन. त्याच अनुषंगाने, आम्ही "विद्यार्थ्यांमध्ये अज्ञानतासाठी रक्त तपासणी" करण्याच्या उद्देशाने एक नवीन प्रकल्प सुरू केला आहे. विद्यार्थ्यांमधील अज्ञानता (बसी/असामान्य हिमोग्लोबिन) ओळखणे हा प्रकल्प मुलांच्या एकूणच आरोग्याच्या दृष्टीने प्रतिवधात्मक भूमिका बजावेल.

आम्ही समाजातील सर्व घटकांतील आळा, कनिष्ठ महाविद्यालये आणि रजिस्ट्रारी बन्त्या इत्यादी स्थानांवर, वय वर्ष 10 खालील सर्व विद्यार्थी/ साधारण पांवी मोफत रक्त तपासणी ज्यामध्ये **CBC (Hb, RBC, WBC, Platelets) निक्लमेन व थॅलेमिगिया** करण्याचा मानस बाळगतो व त्यासंबंधित तज्ञ डॉक्टरांमार्फत समुपदेशन करण्यात येते.

या पार्श्वभूमीवर, आपल्या संस्थेत विद्यार्थ्यांसाठी रक्त तपासणी निविद आयोजित करून आम्हाला सहकार्य करावे ही विनंती.

आम्ही सर्व साधारणतः आपल्या सहकार्याबद्दल अत्यंत आभारी आहोत.
धन्यवाद.
आपला विश्वासू

To,
