Activity Report (Session: 2025-2026)

Category of the Activity:	Workshop
Title of the Activity	"AI SAFESPHERE Workshop"
Coordinator	Prof. V.R. Surjuse
Date of Activity	10th February 2026
No. of Students Involved:	Total: 113

Brief about an Activity	On 10th February 2026, the Department of Computer Science and Engineering, KDK College of Engineering, Nagpur, organized "AI SafeSphere 2026", a <i>Safer Internet Day Awareness Workshop</i>. This initiative aimed to create awareness about the safe, ethical, and responsible use of Artificial Intelligence among students while emphasizing digital safety and cyber hygiene. The workshop focused on guiding participants to make smart technological choices by understanding online safety, cybersecurity threats, and responsible AI practices. Through expert talks, interactive sessions, and live demonstrations, students gained valuable insights into protecting digital identities and using AI tools responsibly. The event witnessed active participation from students and faculty members and served as an effective platform to enhance awareness about AI safety, cybersecurity, and ethical technology usage, fostering a culture of informed and responsible digital citizenship.
Objectives	To raise student awareness about the safe, ethical, and responsible use of AI by promoting digital safety, cybersecurity awareness, and informed decision-making, while fostering responsible digital citizenship and smart technology use.
Outcomes	1. Enhanced awareness of safe, ethical, and responsible AI usage. 2. Improved understanding of digital safety and cybersecurity threats 3. Improved understanding of digital safety and cybersecurity threats

Report:

Report:

A Click, organized the AI SafeSphere Workshop under PICSEL.

On February 10, 2026, the Department of Computer Science and Engineering, K.D.K. College of Engineering, Nagpur, organized a Safer Internet Day Awareness Workshop titled "**AI SafeSphere 2026**". The workshop was conducted with the theme "Smart Tech, Safe Choices: Exploring the Safe and Responsible Use of AI", aiming to create awareness among students about ethical AI usage, digital safety, and cybersecurity practices.

The primary objective of the workshop was to educate students on **digital safety, cybersecurity awareness, and informed decision-making** while using modern technologies. Emphasis was placed on fostering a culture of **responsible AI usage, cyber hygiene, and digital citizenship**, enabling students to confidently and securely navigate online platforms and emerging AI-driven tools.

The session was led by **Mr. Rajiv Verma, Technical Head at IT-Networkz Infosystems Pvt. Ltd.**, who has over **21 years of industry experience** and holds an **M.Tech** qualification along with prestigious international certifications including **CCNA, MCP, and RHCE**. Through his expert insights, he provided practical guidance on real-world cybersecurity challenges, AI ethics, and safe technology practices.
